C. of C. Starts Fund Drive To Move, Face-Lift Lemon

Fund For Lemon Repairs Suddenly Goes Into Orbit

Directors of the L.G. Chamber of Commerce voted to "get on with the face-lifting of the historic Lemon Grove lemon" at the regular board meeting being held Tuesday at El Morocco.

Funds have been trickling in to the office of this newspaper on a spontaneous basis, mostly in dimes. This week three citizens sent in one dollar each (see Lemon Letters elsewhere on this page) to boost the total to 6.

The lemon project got off the ground and went into orbit when Loeta Saville, of 1516 W. Vine st. S.D. who is a former organ player at St. John of the Cross Catholic church attended the meeting as a visitor and volunteered to gather funds for the lemon's beautification. She had read about the lemon in this newspaper.

The lemon, established at the Golden ave.-Imperial and Main st. intersection since 1934, has had its underpinnings chewed away by termites and the slat fence at its base has been tilted by the shifting of the huge lemon's weight.

Lemon May Be Moved

The chamber plans to use the same lemon but will attempt to move it to a point nearer Broad way if the San Diego Arizona and Eastern railway permits. It is on the railway right of way presently.

OPEN EVENINGS START MONDAY

Lemon Grove stores will start staying open evenings on Monday, members of the chamber of commerce business committee announced this week.

The lemon is constructed of frame and stucco but it has been plastered over many times since it was put down after it won first place in its class in a parade through Balboa Park during the last Agricultural Fair held there.

The little queen who rode the lemon during the parade that year was Dr. Amorita Treganza who still lives here with her husband Dr. Lloyd Adams.

Interestingly, the lemon was designed by A. Treganza, Amor-

SANTA ARRIVES — Lemon Grove officially opened the 1962 Christmas season when Santa Claus arrived on a big, red, gleaming fire engine with a screaming siren on Saturday at the Food Basket parking lot on Imperial where a Community Karnival was in progress. Some lucky kids like this girl sat in Santa's lap. He dispensed goodies to all of them.

Sups OK Bancroft Realignment Project

SAN DIEGO (CNS)—Approval of a contract between the State and the county for the cooperative improvement and realignment of Bancroft dr. south of Campo rd., S.V., was voted Tuesday by the County Board of Supervisors.

The Board voted to have its chairman, De Graff Austin, sign the contract, which is to cover the terms and conditions under which the State will acquire the necessary rights of way and then construct the relocated Bancroft dr. and the manner in which the county will reimburse the State for a share of the costs.

David K. Speer, county surveyor-road commissioner, asked the Board to grant Austin the authority for signing the contract, on which negotiations were authorized last January.

Christmas Mailing Hours Set By L. G. Post Office

Palm PTA To Hold Gift Exchange Dec. 11

Mrs. Vernon Linden, President of Palm Junior High PTA will hold the Dec. 11 executive board meeting at her home. There will be a gift exchange and members are asked to bring a gift suitable for either a man or woman.

THIS YEAR'S MAIL MAY SET NEW RECORD

The Lemon Grove Post Office will observe Christmas hours starting Monday, Postmaster Frenchy Faucher said this week.

Service windows will be open from 8 a.m. to 6 p.m. week days and including Saturday Dec. 16. The windows will be open Sunday Dec. 17 from noon to 4 p.m.

Postmaster Faucher said the "mail early" campaign had been successful so far and by stepping up mailing just a little more, all cards and gifts can be delivered by Christmas Day.

"It looks like this year we'll set an all-time record," he said. The previous high was 780,000 pieces of mail dispatched and delivered in the holiday season 1961.

He had several suggestions to aid in getting the mail properly delivered this year.

He said the use of zone numbers, and the avoidance of abbreviations for cities and states would help. Return addresses should be used.

Bring packages to the postal windows before 10 a.m. or between 1:30 and 3:30 p.m. to avoid the rush.

Pack gifts in strong corrugated cartons using plenty of stuffing material. Seal packages with heavy paper adhesive tape and tie them off with good strong cord. Check for weight and size limitations before you take the package for mailing.

Use the new colorful 4c Christmas stamp on cards. It takes 'em first class, he said.

Christmas presents should be mailed before Dec. 10. Cards for out-of-town delivery should be sent before Dec. 15. Give a week for local delivery.

BRASS ENSEMBLE TO DO FACULTY MEMBER'S WORK

The featured composition is "Sonata for Brass," by Dr. Merle Hogg.

Area Martins Wed Each Other Here In November Ceremony

Janice Martin, the daughter of Mr. and Mrs. Bacil Martin of 7540 Madison, L. G. exchanged marriage vows last month with James Thomas Martin, son of James K. Martin of 3788 Olive, L. G. and the late Mrs. James K. Martin.

The wedding was held at the St. John of the Cross Church in Lemon Grove at 6 p.m., Nov. 10. Father Peter J. Brennan performed the ceremony.

Maid of honor was Wilma Costello and bridesmaid was Louise Foss. Best man was Paul Karpowicz and usher, Ron Foss.

A reception at the home of the bride's sister, Mrs. Richard Simoneau of 6343 Boulder Lake, San Diego, followed the wedding. The couple honeymooned in Los Angeles.

The bridegroom works at El Cajon Florists and the bride is a secretary at U. S. National Bank in Lemon Grove.

The new Mr. and Mrs. Martin are at home at 190 W. Park, El Cajon.

Ladies Add $250 To L.G. Decorations

The ladies (bless 'em) of the L.G. Business Women's League have decorated the L.G. Plaza for the eleventh year in a row, according to Mildred Huebsch, projects chairman.

It should be noted that they called on the men, 15 of them, to provide aid.

Seven men of L.G. V.F.W. Post 2083 and eight men of L.G. Boy Scout Troop 322 gave up several hours Sunday to install brand new decorations on the two Plaza trees.

Ruth Willingham, club president, said the League had spent 250 from their bowling league funds to purchase the decorations.

Another BWL project, the Nativity scene, was installed earlier by Chappelle and Antoinette, a building construction firm. For several years this firm has been installing it on the Plaza's south of Broadway area.

H. C. Stubbs, past commander of the L.G. VFW recalled that the women of the League had called on them after the trees grew too tall for the girls to decorate about four years ago.

COZENS TO BE SUPS. PREXY

SAN DIEGO (CNS) — The chairman of the Board of Supervisors for the coming year will be Robert C. Cozens, of Encinitas, representing the vast North County area.

Supervisors Tuesday elected Cozens to succeed De Graff Austin, the incumbent chairman. Cozens has been serving as vice-chairman.

Cozens' election as Board chairman comes just two years after his election as a Supervisor to fill out the unexpired term of Dean Howell.

Last week a list of twenty-four names was printed to become the first of a total that should bring more than 1,000 new subscribers to the publication.

Contribution to the Welfare Assn. will be made this week in the names of these sixty-six subscribers:

There is a delay of several days between the time when the subscriber says "Yes" and the time when his name appears in this column. The reason is that the time is needed for processing each subscription.

First, spelling and address is verified. Then mailing wrappers are printed for three issues and put into the files. Bills are then typed and sent to the subscriber. When his remittance is received here, a stencil is cut and placed in the mailing system here. It must be put alphabetically in the proper mailing route. Usually, it is necessary to call the Post Office for the proper route number. Once all these things are completed, the subscriber's name is listed in the newspaper, the Welfare Assn. is credited with the proper amount, and the newspaper is delivered for a year.

The money received by the S.V. Welfare Assn. is used to operate two Thrift shops and to conduct welfare projects for those who have need for aid in the Spring Valley area.

Right now the Assn. is getting baskets ready for Christmas giving. Clothes and canned goods are collected earlier in the year through schools, but funds are needed for food items and toys.

The subscription project is under the direction of Mrs. Harriet Allen of the Welfare Assn. and Max Goodwin, the publisher of the newspaper.

Questions concerning the Welfare Assn. may be directed to Mrs. Allen at 469-5179. About the subscription drive questions will be answered at 469-0101.

THIS SPRING VALLEY CHAMBER of Commerce float won Grand Prize at the annual North Park Toyland Parade witnessed Sunday by an estimated 400,000. Named "Pillars of Freedom," the float carried local beauty queens and was designed for the purpose of extending Chamber of Commerce greetings to the area, according to Betty Seymour Robinson, designer. Gerekyn Clark (foreground) played the part of a fairy at the base of the archway symbolizing the path to freedom. On the other end of the path stood Barbara Ralston, Miss Spring Valley. Also on the float were Jo Cihowski, Grossmont College queen, Janice Weeks, Monte Vista High homecoming queen and Patti Long, Mt. Miguel homecoming queen.

Post Office Building Could Be A Happier Affair

Soon Spring Valley is to have another Post Office in operation.

The new facility is on Sweetwater rd. near Jamacha. Another is at Bancroft and Campo rd. A Spring Valley postal station is in operation in the Casa de Oro section.

Using only these facts, as criteria, it is clear that Lemon Grove postal patrons have been badly used.

The Post Office has been a problem child in Lemon Grove for as long as we can remember. While the Postmaster has the responsibility for postal affairs in the community he has been assigned to serve, we think circumstances, as much as anything, have contributed to the Lemon Grove Post Office dilemma.

When residential growth made a new Post Office location necessary a few years ago, commercial property value was at its peak. Since the U.S. Government isn't particularly lucrative as a tenant, location choices were few. While the Postal Service was slowly negotiating, the community was growing rapidly. The Post Office outstayed its physical limitations in the south-west block of Broadway-Main streets by several years. When it finally moved to the Broadway-Grove street location, population was already two years or more ahead of the survey by which the move was authorized.

Added to that, the new post office lobby was made much too small and the barn-like appearance of the exterior would embarrass any 12-year-old art-class student.

Added to that, the S.D. Gas and Electric Co. stupidly left a utility pole in the center of the parking area in front of the new building for more than a year, where hundreds of autoists backed into it, causing untold thousands of dollars damage. The pole was removed only after this newspaper needled the utility firm editorially for a year (and it could have been removed in a couple of days except for the mule-headedness of some utility executives).

Now, the new building has been outgrown. Postmaster Frenchy Faucher said last week that no additional growth can be accommodated inside the present building.

We know that Postal authorities were investigating the

Swim Association Bankroll To Go For Park Equipment

AIRMAN 2/C SUTORUS

Home From N. Y. Air Base For Yule

Airman 2/C Charles D. Sutorus, son of Mr. and Mrs. Arthur E. Sutorus of 7855 Sanford dr., is home on Christmas leave from Griffis Air Force Base at Rome, New York.

A Mt. Miguel High school graduate of 1961, Airman Sutorus has been in the Air Force for 14 months of a four-year enlistment. He is serving as a personnel specialist and finance clerk at the eastern base.

The young airman will have his 19th birthday while home. It will be on Dec. 18.

Past presidents of the former L.G. Swimming Pool Association resolved a pleasant problem last week—what to do with $1,857.34.

The solution: spend it! The money will be used to purchase equipment for the green spo park in L.G. at Washington and Alton, they agreed. It will be divided equally between equipment for juveniles and senio citizens.

The funds had been collected over the past six years by the now inactive Swimming Poo group. The group had quit functioning more than a year ago as a money-raising group after it became apparent that the needs, estimated at much as $100,000 couldn't be raised by projects. An attempt to form a Communities Service District to provide funds for a community pool failed and less people voted for the issue than the number that signed the petition to form the District.

Buys Land

The Association had purchased 2½ acres of the present park for $12,500 and had an option on an adjoining 3.6 acres for $27,000 when it became apparent the pool money couldn't be raised.

The property was then handed to the County for Park purposes and the Board of Supervisors picked up the option on the 3.6 acre parcel with the first returns of the new Bradley-Burns Sales Tax act money. (County sales tax at that time was increased from 3½% to 4% to equalize it with city sales tax.)

The fund of $1,857 has been eft in trust with Frank Doolin, he last presiding officer of the Swim Assn.

Five of the six former presidents were at the Wednesday meeting when V. J. Dorman, counsel for the Association, read for them from the incorporation documents that the money could be used only for recreational purposes.

Past Presidents Attend

Past presidents in attendance were Emmett Marshall, Arva Piepenbrink, Dr. Robert Burns, Frenchy Faucher, and Frank Doolin. Absent were Channing Mason and Tom Warburton who presided the first year jointly.

Dorman, presiding at Wednesday's meeting selected Marshall, Burns and Mrs. Piepenbrink as a committee to meet with the County Dept. of Parks to learn when equipment could be installed with group funds. It should be equipment that the Park Dept. does not budget, Dorman suggested.

The committee will report to the group Jan. 9.

After the funds are dispersed, the Swim Association will be formally dissolved, Dorman said.

LOWEST TEMPERATURE SINCE JUNE REPORTED

The Lemon Grove Fire Department reported that the lowest temperature recorded by the station's weather unit since it was installed in June, occurred during the nights of Dec. 1 and 2. The low was 42 degrees.

'Will Convert Votes By Serving' Congressman Van Deerlin Says Here

Acknowledging that more people in the audience voted against him than for him (L.G. precinct totals: Van Deerlin 3,604—Wilson 4,478) Congressman-elect Lionel Van Deerlin (37th Dist.) told a combined meeting of the L.G. Chamber of Commerce and L.G. Men's Club Friday that he would attempt to convert opposing voters by meeting their legislative needs. He spoke at an hour-long question and answer luncheon meeting at Michael's, attended by local business-civic leaders.

He said he would ask for Congressional assignments on the Interstate and Foreign Commerce committee and the Post Office and Civil Service committees to help meet this determination. On the Interstate committee he would best serve, he said by urging the removal of the freight rate differential between S.D. and the rest of the nation as compared with the rate to L.A. "It costs as much for freight to come from L.A. to S.D. as it does to come from Denver to L.A.," he explained.

L.G. To Benefit

He told chamber member Jesse Lee that the port development legal block would be challenged and possibly the presiding judge's decision would be upset providing for earlier port development. L.G. area will reap great potential benefits from the port, he said. He also envisioned a new entrance to S.D. bay as part of the port's development.

"The (Federal) government is responsible for ports and harbors but it's a long drive for federal funds. But I expect to get these funds shaken loose as soon as I can," he declared.

He told Dr. Frank Gigliotti that the Veteran's Administration cutbacks of facilities should be stopped and that the V.A. program is inadequate.

He told Helix Irrigation District President Harry Griffen that communities aid funds allocation, some of which may go for a district filtration plant proposal were out of kilter. "The Area Director knows that 37% of the state's unemployment is in S.D. County and allocation of only 10% of the state's allotment is unfair."

He told Dr. Stanley Yanchul that he would energetically support the President's Medicare plan.

"Medicare Not Sociaistic"

He told A. E. Bob Howell that he did not share Howell's fear that Medicare and other schemes were "socialistic." Howell had said that Medicare would first include hospital care and eventually become all inclusive.

He told Norman Flannery that a tax cut and tax reform are chicken-and-egg. "You won't get one without the other. I've got to be shown that a tax cut is essential before I vote for it," he said.

He told former El Cajon Postmaster Thomas Smith that he concurred with Smith's demand that wasteful and unnecessary administrative spending by government agencies be reduced.

He prophesied that highway 80, while presently carrying 2% of the traffic handled by 101, would be opened as a 6 per cent or less grade artery to the east within 10 years.

FORMER EL CAJON POSTMASTER JOINS HOWELL REALTORS

Thomas Smith, former postmaster of El Cajon, and once a civic leader through the L.G. Junior Chamber of Commerce, has become associated with A. E. (Bob) Howell, Realtor. He will handle real estate sales for the Howell firm.

Smith

Smith is a former Captain of the U.S. Marine Corps who was given disability retirement for wounds he suffered on Saipan. He is County Commander of the Military Order of the Purple Heart.

Smith was organizing chairman of the El Cajon Junior Chamber and its charter president in 1954-55.

Howell's office is at 3435 Imperial ave., L.G.

Helix High Wants New Band Uniforms

Helix High school has made a request to the Grossmont Union High School District for new band uniforms. The request was presented at a recent meeting of the board of trustees by school principal Benton Hart, band director Charles Yates and band parents' president Tom Chambers.

They said that Helix has been given less assistance in uniform purchast than other schools in the district. Some of the uniforms are 11 years old and have resulted in the school receiving lower ratings in band competitions, the group said.

Consideration is being given to the purchase of Scottish band regalia. Yates stid it would last longer and require fewer alterations to fit individual band members.

Former Local Business Couple Comes Back To L.G.'s Broadway

The Brouillards are back!

The friendly couple who operated a business in Lemon Grove in 1958-59 and left for greener pastures are convinced the "greener pastures" are right here.

Ann and Lou Brouillard have opened their hardware store at 7846 Broadway, the building which formerly housed the L.G. Department store.

The Brouillards sold their thriving hardware business here in 1959 and bought Baker's Hardware on Universiy Ave. Afer operating that nearly two years they sold it, too. Then they moved to Lakeside.

"We wanted to come back from the minute we left," Brouillard said," but we were restrained by a sales agreement."

"Now that I'm back I suppose the Chamber (of Commerce) will put me on every collection committee as it did before," he chuckled.

In addition to being a chamber member he was active in the L.G. Boosters Club and the Men's Club.

Brouillard's will have a Grand Opening after the store is completely stocked. Meanwhile the store is open daily.

There are very few of these drills in the entire county and they need frequent servicing says Mr. Trottier.

Prizes Offered By Local Store For Best Decorating

A Christmas decorating contest to see who in the Lemon Grove-Spring Valley area is the best Christmas tree decorator, and which house has the prettiest holiday dress has been announced by the L.G. Hardware at 3340 Main st., Lemon Grove.

A gift certificate for $10 will be given the person whose home, in the opinion of the judges, is the most interestingly decorated.

A similar gift certificate will be given to the person whose tree is judged to be the most festive.

There is nothing to buy, or guess. Contestants may get into the fun by either calling or writing the store (466-3978) and giving their name and address.

"Many people use a lot of effort on decorations each year" said Elza Sanders, store manager. "We feel that such effort would be more attractive if a prize of some sort were given to those whose decorations are actually a gift to the community."

Judging will be done Dec. 22, she said, and the judges will visit the home of every person who enters the competition.

In addition to the merchandise prizes, a certificate will also be given so that tangible evidence of the prize winning will last beyond the holiday season, she said.

L. G. Florist To Hold Open House Sunday

There will be free corsages for the ladies and refreshments for everyone at the Sunday, Dec. 9 open house of Lemon Grove Florists, 7965 Broadway, which will be from 1-5 in the afternoon.

It will be a pre-Christmas showing of Holiday floral arrangements, Ann Kiss, manager said. Featured will be floral originals by herself and her brother, Frank Palazzolo, who operates the shop with her. Frank is a well-known floral arranger, having won many awards in this field.

The public is invited to the open house not only to see the floral pieces but also the redecorating that has been done recently. For example, a "gilded cage" seven-feet long is part of the new decor. The birds in the cage are artificial but real ones in the back of the firm provide sound effects, Mrs. Kiss said.

"Flowers Te Express Your Thoughts" is the motto of L.G. Florists, which takes orders any time of the day or night seven days a week.

San Altos PTA Taking Action Against Dark Streets In Lemon Grove

The PTA at San Altos Elementary has decided to do something about the unlighted streets of Lemon Grove. In cooperation with the L. G. Chamber of Commerce, the PTA plans a canvass in the area of the school to get signers for petitions for residential lighting in the Lemon Grove area.

Some 26 people will talk to residents between 6-8 p.m. on Dec. 10, 11 and 12 to give them information about a proposed lighting district and give them an opportunity to sign petitions.

Rick Morgan, legislation chairman for the PTA is in charge of the project. He invites people in the area to contact him on the subject. His phone is 469-9912. He lives at 1741 El Prado.

Lemon Grove recently got lights in the downtown area. That project was spearheaded by former Chamber of Commerce manager Ed Koester.

Just in time for Christmas—the spicey touch! We are pleased to welcome as our guest this month the regional representative of French's Spice Company. He brings us a film with new ideas for spicing up packaged foods. Garnshing a dish with parsley or mint can add a delicious tangy taste, plus appetizing holiday color. Herbs and spices used in the right way can double a dish's taste appeal.

The second half of our cooking school will be spent in exploring the uses of portable appliances. These make excellent gifts, incidentally, and when you learn new tricks with them you can teach your friends and relatives who receive them as Christmas gifts. We'll concentrate on Holiday Buffet Entertaining, which is so much fun and very easy, especially for unexpected guests at Christmas. Barbecued Turkey Roll is a dish you might find useful for after Christmas left-overs—and you'll certainly enjoy chicken and almond mousse—which is so convenient with a blender. Finally, as a climax for your Christmas dinner—we present Eggnogg Pie — creamy, dreamy and very fattening. But Christmas is one time of the year when everyone should be allowed to forget about diets.

ALL ABOUT HERBS AND SPICES and USES OF PORTABLE APPLIANCES will be the subjects at our Cooking School this month on **Tuesday, December 11** from 12:30 to 2:00 p.m., and again on the following **Tuesday, December 18** from 10:00 to 11:30 a.m., in the comfortable auditorium of San Diego Gas & Electric Company's Eeastern District Office at 104 North Johnson Street in El Cajon.

I will be there to welcome you and introduce you to our spice specialist guest—please come. Don't forget—free admission and free door prizes too.

A Tradition Now

State College 800-Voice Choir To Do 'Messiah'

Annual performances of Handel's "Messiah" are a campus tradition now at San Diego State, thanks to J. Dayton Smith, chairman of the music department.

Smith founded the San Diego State College Chorus in 1956 with a total of 240 student singers. When the chorus performs Handel's monumental oratorio on Sunday, December 9, the sound of over 800 voices will vibrate throughout Peterson Gymnasium. Two performances will be given, at 3:15 and 8:15 p.m.

Chorus Growing

As the enrollment at San Diego State ascends with uncommon leaps, so does the chorus, because Smith denies membership to no student who can sing. Each year approximately eight to ten per cent of the student body, representing every academic department on the campus, sing with the Chorus.

The San Diego State Symphony Orchestra, under the direction of Paul V. Anderson, associate professor of music, will be performing with the Chorus for the December 9 presentation. Anderson and Smith will share the conducting of the performance. Mervin S. Snider, associate professor of music, will play the organ accompaniment.

Soloists Announced

Student soloists will be Linda Gordon, soprano; Lynne Samuel, contralto; John Duitsman, bass and Frank Almond, tenor.

An admission charge of $.50 will be made as a benefit toward music scholarships and future performances with the San Diego Symphony. Tickets will be sold at the gymnasium an hour before the performance.

THE DRAMA DEPARTMENT at Monte Vista High school is working on a production called "Dino" which makes use of modern dance interludes in much the way that "The West Side Story" does.
This photo shows the beginning of the "rumble" scene of the play when a girl gang faces a boy gang. In charge of the choreography is Mrs. Finney of the girls' physical ed department at the school.
John Bryce, drama head at Monte Vista and director of the play described "Dino" as the story of a 16-year-old boy who returns home to New York's tough east side after having spent four years in a reformatory for being implicated in a gang killing. The play is of the "bad boy becomes good" type.
The play will be preented sometime in January and it is possible that it will be done in Circle Arts Theatre on one night.
Make-up director is John Murphy, who is make-up director for Starlight Opera.
Bryce said that he would be obtaining part of the television film version of "Dino" which was shown in 1956. He believes his cast can get ideas from watching it.

Seal Drive Passes One-Third Mark

Mrs. Charles Franklin of La Mesa, Christmas Seal chairman for the La Mesa and Lemon Grove communities said that county-wide Yule Seal returns are now well past the one-third mark.

Mrs. Franklin, long active in the local TB fight, said that contributions climbed above $51,000 early this week for the county.

While the local Association does not set a "goal," she said planned control programs for 1963 would require a budget of $150,400. The fund campaign is conducted solely through the mail and on a voluntary basis, she said.

She urged local residents to answer their appeal letters before thep are pushed aside in the rush of the coming holiday season, pointing out that the interest and support of the communiy would make possible the eradication of TB as a public health menace in San Diego County by 1970.

To Supply Labor

C. of C. Lemon Chairman Larry Folda said he would supply the labor for lifting and moving the lemon without charge.

Plans call for some landscaping and a wrought-iron protective fence completely around the approximately 10 feet high lemon. It will rest on a new, termite-proof concrete base, Folda said.

Mrs. Saville was charged with starting the fund drive immediately and she collected 60.35 within a few hours. To this total will be added the approximately $6 sent to this newspaper by its readers. The fund was kicked off by C. of C. Treasurer Sam Pernicano tossing in $25 (out of his own funls, that is). Folda said the goal is $200.

feasibility of using the former Best Buy market building on Broadway near Imperial recently. But that site has been rejected. It is probable that a new facility will have to be built at a new location.

It is hoped that the designer of the new facility will keep his eye on the esthetic qualities and patron convenience instead of simply whacking a rectangular shape into an elementary design.

Care and Keeping of a Congressman

Let's not let our elected officials think we've forgotten just because the election is over.

Some well-organized thoughts on the Care and Keeping of a Congressman . . . or any other elected official, have been culled from a publication issued by the Humble Oil Co.

Things to do:

Get to know your Congressman. Either in person or by mail. Let him know what your intrests are.

Write him about matters on which you have some information and in which you are interested. Supply actual information, not hearsay and show, specifically, how the issue affects you.

Acknowledge things he does that you approve. Let him know you are aware of his work.

Inform him of matters in which you have an interest while there is still time to take effective action.

Things Not to do:

Do not instruct him on every issue that comes up. Don't nag.

Don't rely on pressure campaigns of petitions, mass mailings. mass telegrams. If you are interested personally, a thoughtful letter is more effective than a sheaf of identical cards or telegrams.

Don't berate him, or call him names if he doesn't agree with you. On disagreement, give him your reasons.

Don't pretend to have more political influence than you have. Speak as an individual with personal concern, but don't attempt to represent all your neighbors.

Don't rely blindly on "voting records" that pressure groups keep. Base your judgement on the work your Congressman or Senator does in committee or in representing his district or state in the interest of the nation.

Hoodlum Control Starts At Home

J. Edgar Hoover, the stalwart of the FBI, recently sent a bulletin to all law enforcement agencies in which he viewed dimly the antics of the growing group of marauding teen-age thugs in this country.

These young hoodlums lurk along the streets as preying vultures ambushing hapless individuals, and flee, leaving the victims badly battered and bleeding, he says.

Merciful restraint is unknown to these beastly punks, he adds. To them it signifies a taboo trait, "chicken." Therefore, fatal beatings and stabbings have occurred after the victim has turned over to them his valuables.

"The crimes themselves are disturbing enough," says Hoover, "but even more horrifying is the sadistic glee in which some are committed and the justifiable air assumed by perpetrators when caught. For example, one tough gang member, charged with attacking and robbing an 80-year-old man, snarled, 'Old men who walk the streets at night deserve to be robbed.'"

Hoover commended a Midwest editor who makes a practice of using the names of teen-age hoodlums in news stories (as do we). . .and then gets to the crux of the matter: the cause.

"Most difficulty with youthful offenders stems from the home where a sound sense of values is diminishing." Hoover claims "Parents need to stress discipline, guidance, and morality, and to play down indulgence, pleasure, and money."

Protective coddling by some courts of 'tender-age' repeaters is an appeasement of justice. It infringes on the rights of the people. I say let the flagrant violators be exposed. Let the public know their identities so it may be alert to their law-breaking habits."

To which we say, "Amen."

GOD'S MINUTE

REV. H. C. BAKKEN

ADVENT

God promised that He would send ONE through whom the families of earth would be blessed. This promise was kept alive through Old Testament times. Generation after generation passed this on. The promise does not lose its definiteness with the passing centuries, but becomes more specific.

Lemon Grove Lutheran Church Message

'God The Only Cause And Creator' C. S. Text Sunday

"God is the Only Cause and Creator" will be the subject of the Lesson-Sermon at Christian Science church services Sunday.

Scriptural readings will include these verses from Romans: "O the depth of the riches both of the wisdom and knowledge of God! how unsearchable are his judgments, and his ways past finding out! . . . For of him, and through him, and to him, are all things: to whom be glory for ever."

This correlative citation will be among those read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy (p 275): "All substance, intelligence, wisdom, being, immortality, cause, and effect belong to God. These are His attributes, the eternal manifestations of the infinite divine Principle, Love."

L.G. METHODIST CIRCLE PARTIES BOOKED THIS WEEK

Circle Parties of the Womens Society of Christian service of the L.G. Methodist church have been scheduled starting this week on Thursday.

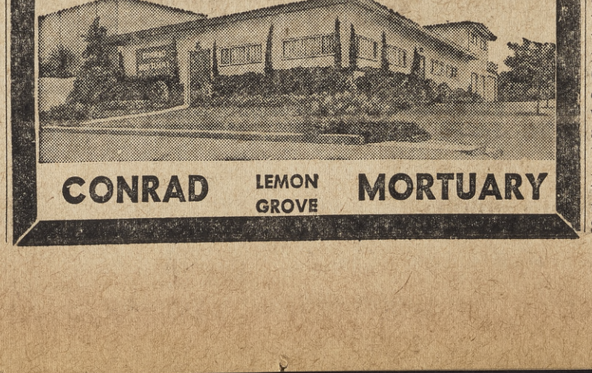
BABY-PARENT SERVICES SET BY V.L.M.

This Sunday the Vista La Mesa Christian Church will hold Baby-Parent Services. Babies will be blessed and parents will vow to raise their children as children of God, according to Rev. Richard G. Davis, pastor.

The sermon Rev. Davis has chosen for the occasion is "Benedictus," which also is the second sermon of the series entitled "Songs At Our Savior's Birth."

"Oh Love How Deep" will be sung by the Sanctuary Choir at the 9:45 a.m. services. At the 11 a.m. service, Ruth Buckner and Bette Clarno will sing a duet, "How Beautiful Atop the Mountain."

The furor over alleged skylarking by U.S. airline pilots during flight has caused this sign to be posted in many cockpits: "Fly now, play later."



MEMBERS OF THE GIRLS League at Mt Miguel High readied posters last week for the annual canned food and toy drive to be Dec. 10-14. The organization, open to all girls at the school, regularly carries out school and community projects. The group held a "platter party" on Dec. 3. Tryouts for a fashion show are planned for Dec. 11 and 12. Sue Williams is president, Diane Phillips, vice president, Sharon Wilcox, secretary and Mary Griggs is treasurer. EXAMINE "HOLDFAST" — Bancroft science students of Frank Curran study growth on kelp that enables the plant to anchor itself to something. The growth is called a "holdfast" and is among many things under study in the oceanographic course making its Lemon Grove-Spring Valley School District debut at Bancroft.

In photo are (l to r in front) John Recklou, Reena Gardner and Andy Seman; and (in back) Letricia Lorenz and Larry Dieter. Also on the science table are a starfish and pectin, clam and mussel shells. The pipe-like objects are strands of kelp.

Bancroft School Students Taking Peep Into Deep

At Bancroft Elementary School in Spring Valley fifth and sixth graders are venturing into what is a brandnew study in this area at that grade level. The world is that of oceanography, which is important, said Bancroft science teacher Frank Curran, because it deals with 71 percent of the earth's surface.

The kids that walk into Curran's classroom enter into the world of the sea. Even sea paintings by Van Gogh have been brought into the act to give an oceanographic look to the room. Everywhere is something dealing with the subject. Mounted fish, specimens of seashells, a variety of graphic material in the form of charts and pictures and lab equipment are present. Some ships and pictures the kids made greet the eye too.

Seawater Examined

A bioscope gets the students into the more scientific side of the subject. It is a microscope that projects what's in it onto a screen. With it can be seen a greatly enlarged version of a drop of seawater containing micro-organisms that dart around.

Curran, who is an extensively-educated man said he has encountered few subjects with such a great capacity to interest children. Oceanography, in his opinion, can serve as a "motivational hook"—something irresistible that can draw them into less sensational but equally interesting fields of science. He is pioneering the subject in the LM-SV School District and said the kids have responded "rather overwhelmingly." He feels that soon all area schools will teach oceanagraphy. He points out that the San Diego area is becoming a center for oceanographic research and that this is another reason why local children should be given the subject.

Visits Seashore

His fifth and sixth graders agree with him. He lives at Coronado and sometimes visits the seashore near his home to get things out of the ocean to surprise his class with. The items in the photo are what he found during a recent neap (very low) tide when he was able to find fascinating things for study that usually would be hidden by the water.

Curran holds a B. S. Degree from Fordham University and an M. A. from N. Y. University and has attended the University of Paris and the University of Heidleburg. His other fortes are psychology and foreign language. This past summer he studied at the University of North Carolina's Foreign Language institute on a fellowship given him under the National Defense Education Act.

But if Curran is anything like his young students of science, he probably is most fascinated by that 71 percent of the earth's surface.

MT. MIGUEL OUT-BASKETS LINCOLN HIGH

By Everett de Roche

In a pre-season game Mt. Miguel High School upset the favored Lincoln Hornets 44-28 last Friday night on the Miguel basketball court.

An enthusiastic crowd approved the 19-5 halftime lead of the Matadors, sparked by the scoring of Doug Ashley, guard. Big Dick (the Stick) Jacobs, Matador center, made rebounding difficult for the Hornets as he snatched nearly everything close to the backboard and scored 6 points in the process.

Lincoln came back hard in the second half but was unable to check Miguel's sharpshooting offense and driving defense as they snared their first non-league victory of the season.

Ashley and McCollister led with 12 and 10 points, respective, for the Matadors.

L.G.-S.V. TEAM IS POP WARNER CHAMP

by Roy Davis

The Los Toros Midgets of Lemon Grove and Spring Valley won the County Championship in their division of the Pop Warner Football League Sunday when they beat Clairmont by a score of 16 to 14.

The game was played at Balboa stadium prior to the Charger-Raider game Sunday.

Handicapped by the loss of two key players, Tom Van Zant who was injured early in the first quarter, and Danny Treinen who failed to make the weight limit, Los Toros showed a fine running and passing attack. Frank Gilbert, quarterback, scored two touchdowns on 17 and 20 yards running plays. Gary Taylor, who switched from end to fullback replacing Treinen, scored the remaining touchdown.

A fourth quarter drive by Clairmont was stopped short of the goal line when the defensive unit held and Clairmont lost the ball on downs. Lemon Grove then retained possession of the ball until time ran out.

Los Toros record for the season shows that they gave up a total of only 477 points to opponents this year while scoring 336.

The five highest individual scores from each district will compete on Dec. 8 and the two top teams from each district on Dec. 18. All entries for the Council fire-off must be submitted to Scout Headquarters not later than Dec. 1.

Arrangements can be made for practice sessions at the Camp Matthews range and at the Lemon Grove Rod and Gun Club. Call Scout headquarters for additional details on the matches, the practice sessions and NRA entry blanks.

Matador Junior Varsity Players Show Their Older Colleagues How

While the spotlight has been on the varsity football teams of the area high schools this season, their younger colleagues —the junior varsities — have been playing ruggedly too. The best one is the Mt. Miguel High High school JV, which racked up an undefeated season while their elders wound up with three wins and five losses.

After the Matador junior varsity team beat El Capitan on Nov. 16 by a score of 27-13 and attained its record of seven wins and one tie for the season, coach George Benson said, "This is the best junior varsity team in the history of our school and our first junior varsity championship. I feel we have the best team in the area."

When Coach Benson and his team got back to their school that afternoon, he wondered briefly if it had been worth it after all. In line with tradition his boys threw him into the cold showers.

That night the Mt. Miguel varsity team played against El Capitan and beat them 27-13 also in one of their two league victories of the season.
